FAX. 2310997652

E-mail pathanas@pharm.auth.gr

QUALIFICATIONS

BSc (Pharmacy) Aristotelian University of Thessaloniki

PhD (Pharmaceutical Technology) Aristotelian University of Thessaloniki

TUTORIALS

1. Pharmaceutical Quality Control I (8th semester)
2. Pharmaceutical Quality Control II (8th semester)
3. Pharmaceutical Technology II (7th semester)
4. Non Prescription Drugs (8th semester)

RESERCH INTERESTS

- Slow release tablets- factors affecting- quality control
- Interactions of polymeric substances in Hot Melt Extrusion technique-effects on drug release

PUBLICATIONS

1. Thesis.

A Study on the Use of Natural Resin Mastic for the Formulation of Matrix Tablets. 1991, Thessaloniki.

2. *In Vitro Studies of the Antacid Efficacy of Commercial Antacid Tablets.* A.Panagopoulou and N.Oikonomou-Petrovich, Pharmakeutiko Deltio, VIII, (I), 13, (1981).
3. *Development of a New Controlled Release Theophylline Tablet. In Vitro and in Vivo Studies.* M.Georgarakis, A. Panagopoulou, P.Hatzipantou, Th. Iliopoulos, M.Kondylis, D. Grekas. Drug Dev. Ind. Pharm., 16 (2), 315-329 (1990).
4. *Effect of Compression and Diluent on Drug Release from Mastic Matrix Tablets. A Statistical Analysis.* A.Panagopoulou, M.Georgarakis. Drug Dev. Ind. Pharm., 16(4), 637-649, (1990).
5. *Controlled Release from Glycerol Palmito-Stearate Matrices Prepared by Dry-Heat Granulation and Compression at Elevated Temperature.* S. Malamataris, A. Panagopoulou, P.Hatzipantou. Drug Dev. Ind. Pharm., 17(13), 1765-1777, (1991).
6. *Preparation and Characterization of a New Insoluble Polymorphic Form of Glibenclamide.* A.Panagopoulou, S.Malamataris. International Journal of Pharmaceutics, 195, (1-2) , 239-246, (2000).

7. *Phase Changes and Interactions during Hot Melt Extrusion of a Pharmaceutical Formulation.* A.Panagopoulou, I.Nikolakakis, M.Bounartzi, N.Kantiranis, S.Malamataris. 9th Hellenic Polymer Society Conference, December 2012.
